Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief of Logistics

DATE: 27 August 1953

FROM : Chief, Coordination and Requirements Staff

SUBJECT: Weekly Report Covering the Period 20 August to 26 August 1953

1. General

a. Master IBM Supply and Requirements Deck (continued)

Elimination of duplications in the catalog deck has been completed. Processing of such changes in the master supply and requirements deck and in a reproduced deck should be completed by 1 September. It is expected that the reproduced deck will be forwarded to the FE Division within a week, for transmittal to Far East Headquarters overseas. This reproduced deck consists of nomenclature cards only. Additional reproduced cards containing technical service stock numbers, unit costs, units, weights, etc., will be forwarded at a later date.

b. Requirements for Guerrilla Warfare Support According to T/O & E's Recommended by the Paramilitary Operations Staff (continued)
A tabulation of the T/O & E data now on IBM cards is being prepared and should be available for review within a week.

25X1A6a c. Surplus Stocks (continued) The PM Staff has been consulted informally regarding strength figures and a possible revised T/O & E which could be used, under a proposed plan, for the computation of materiel requirements and a determination of possible surplus stocks at [REDACTED]. The matters of strength figures and possible revisions to the T/O & E are still under consideration by the PM Staff. ✓

25X1A6a d. Revision of Form No. 431 (reopened) Copies of instructions and forms for forecasting materiel requirements on Form Nos. 36-254 and 36-255 (which supersede Form No. 431) were submitted to the DD/P-Admin. on 14 August 1953. Informal information indicates that such instructions have been submitted to the staffs and area divisions for comment, and that the comments received will be forwarded by the DD/P-Admin. to the Logistics Office for consideration and possible revised instructions. The FE Division has indicated informally that the due date for submission of requirements, 1 October 1953, is now impossible to accomplish, and that such information was included in their comments to the DD/P-Admin. with a request that the date be extended to 1 November 1953. The FE Division, with the concurrence of the Logistics Office, is advising the [REDACTED] by cable of the extended due date. ?

e. FY 1952 Contingency Fund Procurement (continued) No additional information has been received from the Ordnance Corps regarding the materiel available and obligated for Annex No. 1. The materiel reported available for Annex No. 2 is being reviewed and a cursory examination indicated that available quantities of certain items are in excess of requirements through FY 1955. Some excesses could be applied to the deficit generated on the basis of overall man-strength and the PM Staff T/O & E. The PM Staff will be consulted regarding the latter excesses as well as others occurring on line items which are not reflected in the PM Staff T/O & E.

f. Career Service (new) A study has been initiated in connection with the establishment of the Career Service Program to determine which positions may require a revision of job descriptions, and to re-write such descriptions in line with current responsibilities and functions. This study is in collaboration with the Classification and Wage Division and will soon be Office wide. ADM

The tentative delivery schedule provides for shipment over a four (4) months period beginning 1 October 1953.

h. Manpower Study of Administrative Functions (completed) The current status of this program will be reported by the Inspection and Review Staff, LO. The Chief, Coordination and Requirements Staff, LO, will lend all possible assistance to the Inspection and Review Staff and the Organization and Methods Service on logistical problems encountered in the area surveys.
